INFORMATION FOR SUPPORTERS OF THE CHARLES DARWIN FOUNDATION

The Charles Darwin Foundation for the Galápagos Islands (CDF) is supported by national and international institutions, but remains dependent on the generosity of individual donors for the funds needed to finance its programs.

General Support and Specific Projects.—In the United States, contributions may be sent to:

- CHARLES DARWIN FOUNDATION, INC., 100 North Washington Street, Suite 311, Falls Church, Virginia 22046. Funds go to work for science, conservation, and education in the Islands.

Endowment Contributions.—The Darwin Scientific Foundation, Inc., is a nonprofit organization devoted to building and managing an endowment fund from which the income is used for scientific research, education, and conservation of natural resources in Galápagos. The annual income is used to support the most deserving activities and projects. Donations and inquiries should be addressed to:

- DARWIN SCIENTIFIC FOUNDATION, INC., c/o The Charles Darwin Foundation, Inc., 100 North Washington Street, Suite 311, Falls Church, Virginia 22046.

These organizations can receive tax deductible contributions from U.S. donors.

Alternative Organizations.—Contributors from Europe may send their donations, marked "for the Galápagos," to the following addresses:

These organizations do not charge administrative fees or overhead. Because laws governing tax deductions vary, donors seeking tax deductions should consult the organization through which they give their support.

Donors outside the US who wish to make a donation for support of Galápagos conservation, and who choose not to make a gift to the country-level campaigns listed above, may forward their donations to the Charles Darwin Foundation, Inc. We ask that you make your donation in US currency (check or money order).

While emphasizing that the continuing success of conservation in the Galápagos is directly dependent on the receipt of future contributions, we wish once again to state our deep gratitude to all those supporters whose generosity has made it possible to achieve so much since the establishment of the Charles Darwin Research Station and the Servicio Parque Nacional Galápagos.

Regular donors at the US \$25 level become "Friends of the Galápagos" and will receive annual subscriptions of *Noticias de Galápagos*, published twice a year, and *Galápagos Bulletin*, published three times a year.

We are grateful for your steadfast support and help.

Information for Subscribers: *Noticias de Galápagos* is provided twice per year to current "Friends of the Galápagos" (see inside front cover). Institutional and lifetime subscriptions, as well as back issues, are available. Please contact the Charles Darwin Foundation, Inc. (see inside front cover) with any questions about subscriptions. *Noticias de Galápagos* 55 includes a complete Table of Contents for all issues through 1995.

Information for Authors: *Noticias de Galápagos* is the official publication of the Charles Darwin Foundation for the Galápagos Islands. We publish material that contributes knowledge about the diversity of the Galápagos. Any manuscript dealing with natural history, ecological or evolutionary processes, conservation biology, geology, geography, contemporary or historic human activity, or the preservation of biological diversity, in relation to the Galápagos will be accepted for review. Manuscripts are most welcomed in an electronic format (Microsoft Word preferred, Word Perfect acceptable). Submission can be via files attached to INTERNET messages, or on 3.5" diskettes (include 2 copies on paper), or by hard copy. Electronically submitted manuscripts are routinely published 6 months to a year quicker than others. Use *Noticias de Galápagos* 56 as a guide for style, and contact either the editors or the editorial assistant by electronic mail or telephone for more details.

Published by The Charles Darwin Foundation for the Galápagos Islands, an International Organization created under the auspices of the Government of Ecuador, UNESCO, and the International Union for the Conservation of Nature & Natural Resources.

Published with partial financial support of the Charles Darwin Foundation, Inc.; the Tinker Foundation, Inc.; and the Museum of Southwestern Biology of the Department of Biology, University of New Mexico.
